Test session

Thank you for trying this prototype. It is an early version of two things: the tool our planners use to run a wedding, and the private page each couple gets. We would like to see how it feels to use, before we build it for real.

BEFORE YOU START

- It takes about 20 minutes. Do the six goals for your role, in order.
- There are no wrong moves. If something is hard to find, the design is at fault, not you.
- Everything is invented: people, suppliers and prices. "Today" inside the prototype is always Monday 17 May 2027.
- Please say out loud, or note down, what you expect and where you hesitate. That is the most useful thing you can give us.
- Do not take the tour yet. We first want to see how clear things are without any help.
- You cannot break anything. "Reset demo data" on the first page puts it all back.

If you are a planner

On the first page choose **Sonia**. Works best on a laptop; try a phone too if you like.

	YOUR GOAL	DONE?	EASE 1-5	WHAT SLOWED YOU DOWN
1	It is Monday morning. Find out which of the three weddings needs you most today, and why.	yes · partly · no		
2	A couple wrote to the team last night. Find what they asked and answer them.	yes · partly · no		
3	Lake Como is four weeks away. Find out which suppliers have not yet confirmed everything for the day.	yes · partly · no		
4	On Lake Como, the generator test is no longer stuck: the supplier has given a date. Bring the task up to date.	yes · partly · no		
5	Leave one note about the Lake Como final countdown for your team only, and one the couple may read. Then check what the couple actually sees.	yes · partly · no		
6	Is the Paris wedding within its budget? If not, find out by how much and what is behind it.	yes · partly · no		

If you are a couple

On the first page choose **Olivia & Henry**. Works best on a phone.

	YOUR GOAL	DONE?	EASE 1-5	WHAT SLOWED YOU DOWN
1	You have two minutes between meetings. Find out whether anything needs an answer from you this week.	yes · partly · no		
2	Answer one of those things.	yes · partly · no		
3	Are you within your budget? What is the next payment, and who is paying it?	yes · partly · no		
4	One of your guests has a serious allergy. Check that your planners know about it. Then mark any one guest as no longer coming.	yes · partly · no		
5	You want to re-read your agreement for the villa. Find it.	yes · partly · no		
6	Ask your planners a question about anything, and find out when you can expect an answer.	yes · partly · no		

THEN TAKE THE TOUR

Go back to the first page and start the tour for your role. It takes two minutes. Afterwards: what became clearer, and what would you have liked to know from the start?

FIVE LAST QUESTIONS

1. What would you open every day?
 2. What did you look for and not find?
 3. Was there anything you did not understand, or did not quite believe?
 4. If we could change one thing first, what should it be?
 5. Planners: could this replace the tools you use now? Couples: would this make you feel looked after?

Please send your notes to the person who invited you. Demo data: every person, supplier and price is invented.
